

Fire department has hot weekend

The Haliburton Fire Department put in one of the busiest weekends since it was organized. It seemed that the men were just getting home from one fire when they were called out to another.

On Thursday afternoon it all started when they were summoned to the old Joe Carducci home on the Harburn Road. A grass fire had got out of control and when the firemen finally got it stopped it was burning at the edge of the house. Also on Thursday there were called to another grass fire behind the home of Bill Rinne at Haliburton. No damage.

The old Bob Nichol house on the Donald Road which was owned by Norm Buxton burned to the ground on Saturday. It seems that a grass fire got out of control at 2:30 in the afternoon and the local fire department were called but were unable to save the house.

On Sunday afternoon it was business as usual for the fire department when they were called at 1:45 for a fire at the home of Larry Johnson on the old Donald Road. It appears that a basket of clothing caught on fire causing approximately \$500.00 damage to the interior of the house.

The Haliburton Fire Department fought another grass fire at 5:00 p.m. on Sunday on the property of Margaret Creelman at Eagle Lake. It took about half an hour to put it out but no damage was caused.

On Sunday evening Haliburton had more excitement that has been seen here for many a moon. A grass fire behind the homes of Mark Schell, Jim Scheffee and Doug. Whittaker got out of control and started to burn on the hydro line behind Mountain street. The wind pushed the flames in the direction pointing toward the municipal hall taking with it a few trees along the way. The Haliburton Fire Department were called but

Fifteen Travelways Coaches have been reserved for County residents to take advantage of our County Centennial Day at Ontario Place.

Elsewhere in the paper you will find an advertisement outlining the trip.

The Committee is working hard to make the day a real success.

Auditions for Talent will take place at the Haliburton Highlands Secondary School at 7:30 p.m. on April 28 and May 5.

Arrangements may still be made by calling 286-1760. Remember - this is YOUR County Centennial - the only one we will be able to participate in!

were helpless as they could not get near a water supply. Later on the fire extinguished itself to the relief of local citizens.

The flames and smoke could be seen for miles around and it seemed to see that everyone in Haliburton jumped in their cars to come over and see just what was going on.

Shown in this group picture are the curling club prize winners following the windup of the curling season of the Haliburton Curling Club.

The photo was taken at clubs annual Dinner and Dance held at the Royal Canadian Legion in Haliburton on Saturday night.

Haliburton nursing home accepted in principle

On April 2, Mrs. Joan Fennell, Chairman of the Haliburton County Social Planning Council, received the following letter from Mr. Claude B. Halpin, Area Planning Co-ordinator, Health Services, Ministry of Health:

"I am pleased to inform you that the Nursing Home Review Committee has approved, in principle, the development and licensing of a 50-bed nursing home in Haliburton, subject to review of the plans which are submitted being accepted by the Ministry in compliance with the Nursing Home Act.

Could you please have the builder of the nursing home who was selected by the Haliburton County Social Planning Council submit his plans to Mrs. V. MacDonald, Institutional Standards Branch."

As well as providing an urgently needed service for our citizens, it is expected that the nursing home, when operating, will employ 40-50 people.

Though much work is yet to be done before the first patient is admitted, the Nursing Home Committee deserves a great deal of credit for the perseverance they have shown, which enabled the Social Planning Council to receive approval so quickly.

In November, 1973 the Social Planning Council discussed the urgent need for a nursing home facility in Haliburton County. A Committee was formed at that

time to work towards obtaining approval for such a project. On December 13, 1973 five members of the committee met with Mr. Frank Miller, now Minister of Health, who outlined the procedure to be followed by the Committee in order to receive a hearing by the Review Committee. On January 23, the Nursing Home Committee met with Mr. Claude Halpin. Mr. Halpin reviewed the research already done and explained what was needed in the way of additional information for the brief to be presented at the next meeting of the Review Committee. On April 2, approval in principle was awarded to the Haliburton County Social Planning Council.

The Committee is indeed

pleased that their goal of "approval during the Centennial Year" has been reached. It is the result of my hours of work, freely given, in research, planning, preparation of briefs and the other numerous duties that were necessary to carry out assigned tasks. During the periods of our submissions, we also had the written and moral support of all of the doctors of Haliburton County, as well as the Bancroft doctor.

A tip of the hat to the Haliburton County Social Planning Council for their concern for their fellow citizens and their willingness to put forth whatever effort is required to encourage the provision of needed facilities.

The members of the Nursing Home Committee

are: Mrs. Marion Arntfield, Chamber of Commerce; Mr. Roy Brohm, Reeve, Dysart et al; Mrs. Elsie Bursey, Administrator, Hyland Crest Senior Citizen's Home; Mr. Murray Fearrey, Warden, Provisional County of Haliburton; Mr. J. Douglas Hodgson, Director of Education, Haliburton County Board of Education, Mr. R. Glen Hodgson, M.P.P., Victoria-Haliburton; Mrs. Helen Johnson, President, Minden Branch, Canadian Red Cross Society; Mrs. Marion Tallman, Public Health Nurse, Haliburton/Kawartha/ Pine Ridge Health Unit; Mr. Wayne Wood, Clerk/Administrator, Dysart et al; Mrs. Joan Fennell, Chairman of the Committee and Chairman, Haliburton County Social Planning Council.

Chalkdusters finally down Rotarians 7-1

The Haliburton Chalkdusters accomplished something on Friday night that has eluded them for the past five hockey seasons.

After five annual meetings between the Chalkdusters and the Haliburton Rotary Club the teachers finally came through with a convincing 7-1 victory before a fair crowd at the Haliburton Arena.

The Chalkdusters have been working toward this goal of beating the Rotarians for five years and long before game time the

teachers told us that this was the year that they would pull the upset and that's just what happened.

The winners were full value for the win and backed by solid goaltending by John Rouble and Louie Dummitt who shared the netminding chores and great work by the entire team.

The game was never in doubt after the first period when the Chalkdusters jumped out with a 6-1 lead when Brohmann, the tea, leader, Penfold and Johnston had each tallied twice

while the lone Rotary goal came off the stick of Arthur Dawson.

The second period went scoreless and it was midway during this period that Dummitt took over on goal from Rouble, who allowed only one goal.

The school teachers added to their margin in the third period when Robertson beat O'Hara who was in goal for the Rotarians. That's how it ended 7-1 for the Chalkdusters.

Campaign a success

This week we are pleased to announce that the Haliburton Rotary Club's Easter Seal Campaign was a great success and the objective of \$1,700.00 has been met.

The local Easter Seal committee are more than pleased to think that the local people of Haliburton and surrounding area have once again met the challenge and came through in flying colours with their contributions.

Even though the objective has been met this doesn't mean that we have stopped taking donations. The more money that can be raised the more work that can be done in our aim to help cripple children.

There is the possibility that you could be one of those who through neglect have forgotten to send in your donation. If so why not do it to-day.

Give to Easter Seals and see what your dollars can do.

Four injured

An accident on Highway 35 south of Minden on Wednesday April 17 left four people with minor injuries.

Police said a car driven by Vinton Loucks, 75, of Minden was travelling south on Highway 35 when it went out of control, struck a culvert, and travelled 71 feet in the air before landing and striking a tree. The car landed on all fours.

Injured in the accident were: Vinton Loucks, Emily Loucks, 70, of Minden, and Leslie, 70, of Minden, and Leslie, 64, and Nina Prentice, 66, of Minden. Damage in the accident was \$1,500.

Haliburton were all Chalkdusters, Dummitt-Rouble, Brohmann and Penfold.

Ken Wilson and Jim Scheffee were strong for the Rotary Club up front while Scott LaRue played a solid game on the blueline.

The referees for the game were Clude Parish, Dino Pearsell and Mark Schell.

The big winners for the night were Haliburton Minor Hockey who received the receipts of the game.

Following the game a party and dance was held in the arena auditorium.

News Letter

The municipal street cleaning crew were out in full force last week sweeping the streets clean around the village of Haliburton. They are to be congratulated on another thorough job.

It's been a late spring and the ice is going to take longer to go out this year than in previous years.

Time is running out so please send in your contribution to the Easter Seal campaign. Remember that the Ontario Society for Crippled Children operates Variety Village, a residential vocational training school for boys between the ages of 16 to 18 who are unable to obtain training elsewhere.

In an effort to raise money the Haliburton Minor Hockey Association held a draw for a Mitchell 300 Rod and Reel on Saturday.

A car wash was held at the Haliburton Highlands Secondary School at Haliburton on Saturday.

Congratulations to a Haliburton boy Erven Hoxie who now resides in Toronto. Erven was the lucky winner of \$100.00 in the first Million Dollar Olympic Lottery Draw.

Tryouts for the Haliburton Midget softball team will take place at the ball diamond at the Haliburton Community Park on May 2nd at 7:00 p.m. All interested players are asked to turn out for the first practices.

Patients at the Red Cross Hospital in Haliburton last week were as follows. Mr. Milton Loucks, Mrs. Yvonne Berry and baby boy and Mrs. Elda Brockman all of Minden. This week Mrs. Elsie Pritchard and Mr. Archie Trumbull both of Minden, Mrs. Brown, Harcourt, Mrs. Emma Hancock, Kinmount, Mrs. Janet O'Neil, Haliburton and Mrs. Caroline Nicholls, Wilberforce.

The installation of a sewer system continues in the village of Haliburton and at present Ecology, the construction firm are laying the pipes on York Street.

It would appear to us that the train will be coming into Haliburton for a long time yet. This week a crew of men are working on construction beside the tracks and crushed rock is being trucked in to be placed along the tracks.

Congratulations to Mr. and Mrs. Frank McIntyre of Haliburton who celebrated their 59th wedding Anniversary on Monday, April 22.

ZION UNITED CHURCH CONFIRMATION SERVICE

On Sunday, April 7, 1974 an impressive confirmation service was held in Zion United Church, Canarvon when seven young people were confirmed. Pictured above, left to right, are Sandra Barnhart, Cindy Fletcher, Rev. J. Bushell, Carolyn Kinsman, Barbara Barnhart,

Linda Wylie, Mark Fennel and Marilyn Kinsman. In a day and age when so many of our young people seem to make the headlines for "notorious" doings often resulting in scrapes with the law, these young people are to be commended for the stand which they have taken.

Rotary speaker talks on the Arctic Gas Project

Mr. Bud Holland of Toronto who is with Imperial Oil was the guest speaker at the Rotary Club of Haliburton's regular meeting held at the United Church in Haliburton last Thursday night.

Mr. Holland at the present time is on loan from Imperial Oil and is working on the Arctic Gas Project.

In his opening remarks he touched on the present energy crisis and how it is affecting all of us and he went on to say that the present inflation situation means that they are faced with high costs in the building of the pipe line.

At the present time

papers have been filed both in Ottawa and in Washington re the first phase of building a pipe line in the Arctic. It will take from two to three years to build this pipe line.

Following his most interesting address Mr. Holland presented a film "The Arctic...The Wildlife... A Pipeline." The film showed the work that is being done to see just what the effect the pipeline would have on the wildlife.

Mr. Holland who has a cottage in the area was introduced by Lloyd Coneybeare and thanked on behalf of the club by Murray Farrey.

Co-owner of Haven is fired by North Stars

Wren Blair was fired last week as general manager of Minnesota North Stars, the National Hockey League team announced.

Blair, who had been Minnesota's general manager during the eight years the North Stars have been in the NHL, had two years remaining on his contract.

Walter Bush Jr., North Stars president, said he hoped to reach a decision on a replacement for Blair within the next two to three weeks.

"The North Stars appreciate the contributions Wren made to the organization during the last eight years," Bush said, "but we felt in view of last season's showing by the team that we

had to make a change."

Minnesota finished seventh in the eight-team West Division in the 1973-74 season and missed the Stanley Cup playoffs for only the second time in seven seasons.

Bush said no decision had been made concerning the status of Parker MacDonald, who replaced Jack Gordon as coach last November.

But I have been well used by the North Stars over the past eight years and I have lasted a long time by today's standards in this position."

Wren Blair and Jim Gregory of the Toronto Maple Leafs are the owners of the Haliburton Hockey Haven.

Centennial Corner

FROM THE TOWNSHIP OF STANHOPE

The original survey for the Township of Stanhope was commenced in October 1859, by G. W. Stewart, P.L.S., and the results of this survey were presented in a report to the Commissioner of Crown Lands, in July, 1860. Mr. Stewart in this report stated, "The Township of Stanhope with its numerous lakes, and boldness of scenery make it particularly attractive to the sportsmen and lover of Natural beauty". The Township was named for an English Earl, Philip Henry Stanhope, who composed a history of 18th century England.

Municipal records indicate the 1874 Council for the Township of Stanhope consisted of Reeve Andrew Brown and Councillors Henry Jones, David Keers, Nelson Taylor and Henry Fitzsimmonds. One Hundred Years later the Council consists of Reeve S. G. Nesbitt, Deputy - Reeve James Harrison, and Councillors Ken Whitney, Al. Rawlins and Elvin Johnson.

As a result of excellent leadership and guidance from local government and the co-operation of citizens, for the past one hundred years, it is quite possible Mr. Stewart could still give the above statement in a report to-day.

CENTENNIAL EVENTS: Saturday, April 27th at Minden Municipal Park: "Trees for Canada" 4,000 trees to be planted by the First Minden Wolf Cubs and Scouts who are selling pledges toward the number of trees planted.

Centennial choir busy practising

The Centennial Choir, formed by the Haliburton County Social Planning Council, under the leadership of Mrs. Lil Rawlins, Centennial Committee Chairman, and the able direction of Mr. Bill Gliddon of Haliburton, is practising weekly at the high school.

Anyone wishing to join this choir is encouraged to attend - it is never too late to become part of this voluntary group that is helping to celebrate your Centennial.

The next practice will be 7:15 p.m., April 29. The choir will be joined by the Minden Senior Band, under the direction of Mr. Glen Carter. The band will lend its support to several of the songs.

A tip of the hat to Mrs. Rawlins for her hard work and perseverance in bringing about the formation of this group, as well as planning for the participation of the Planning Council in many other Centennial activities. We are indeed indebted to Bill Gliddon for his very fine leadership. We

have benefitted from his creative abilities as a composer, as well. Bill has set to music the poem "Haliburton Hills" written by Burleigh Wallace. Also, he has written the words and music to two other pieces - one a tribute to the earliest settlers of our land, the Indians, and other a rousing Centennial Song for Haliburton County. While these have been written for the choir to sing, they are, in fact, a gift to all the citizens of Haliburton County. I hope all will have the opportunity to hear this fine music at one or more of the choir's appearances. To date, some of their commitments are:

May 18 - Cardiff Fire Hall Official Opening;
May 25 - Ontario Place - two performances;
June - Stanhope Airport - Fly-in activities;
July - Hyland Crest Senior Citizen's Home - Gay Nineties Nite;
September - Inter-denominational Church service, Haliburton Village.

The choir will also be singing at special services held this summer at St. Paul's Anglican Church in Minden.

Stanhope fire department prepares new coded map

On Saturday, April 20 the Stanhope Fire Department were called to put out a grass fire at the Dave Phillips' residence on the 25th line of Stanhope Township.

Apparently, some difficulty was experienced in finding the location of the fire because of a breakdown in communications regarding directions, and although the Fire Truck did make it to the fire in time to extinguish the blaze, much valuable time was lost because of poor directions.

This difficulty was foreseen by Chief Richard Kinsman and his firefighters and to help eliminate this problem, the department prepared a map of the township with every home and cottage marked on it. The map was then divided into sections, and code

The past week-end saw the end of the season for the Curling Club with the Annual Dinner and Dance held on Saturday night at the Legion Hall - and a Fun Spiel on Sunday - so now the ice is gone.

Election of Officers was held at the Dinner so that the new Executive may get plans under way for next year. The following were elected: President, Tom Stinson; Vice-Pres., Bob Colliver; Treasurer, Phyllis Woodcock; Secretary, Jane Stokes; Directors, Anne Schell, Jean Colliver, Bob Houston, Alex Millar, Trustee, Frank Andison.

The Club had a most successful year under the direction of President Derry Wilford. Keen competition was experienced in every event and the many new first year curlers showed real ability and enthusiasm. The list of trophy and prize-winners are as follows:

Scott speaks on Land Act

Your M.P. for Victoria-Haliburton has forwarded copies of the Debates of the House of Commons to Legion Branches and others containing one of his infrequent addresses to the House. The subject in this instance is the extension of the Veterans Land Act. For those who have not read the debate in the House of Commons of March 12, 1974 I should like to put the record straight in laymans language.

The deadline under the VLA is due to expire on March 31, 1974, meaning that Veterans, although having qualified for benefits under the terms of the Act, would be unable to obtain assistance for home building after that date. It is most important that the deadline be extended to enable those veterans who, for one of many reasons, have not year found it possible to take advantage of the available assistance.

To this end the NDP brought behind the scene pressure on the Government to review the Act, as they have done on other occasions, and they obtained a definite commitment from the Liberal Government that they would reconsider their position in respect to the March 31, 1974 deadline.

Now enter the Tories, front and centre, with a

non-confidence motion which reads:

"That this House regrets that the Government has not" extended the March 31, 1974 deadline under the Veterans Land Act and calls upon the Government to consider taking "immediate steps to extend this deadline".

The NDP having earlier secured a like commitment from the Government refuse to support the Tory non-confidence motion and for very good reason. If the non-confidence motion was supported the Government would be defeated. This would sound the death knell to any possible extension as no Parliament would exist to negotiate an extension and the Veterans Land Act would automatically expire.

We can hope the Government will deal seriously with its commitment to the NDP to review its position as this is the only way that the extension can be obtained. The Tory position, supported by your local M.P., was nothing more than a means of defeating the Government and would be a disservice to those Veterans deserving assistance. Surely we have asked them for enough without asking further sacrifices at this time to serve some political aspiration.

Hibernating bear in Burton is given food handouts

by John Macfie

Fish and Wildlife Supervisor

A two year-old bear that denned up last fall in the interior of Burton Township must think a welfare program has been set up for his kind. For the past month it has been receiving almost daily handouts food, and that is quite a switch for an animal which is used to making it through winter on the fat stored under its skin.

Back about mid-winter John Sands, a Parry Sound District trapper, heard strang noises - something between a moan and a whimper - issuing from the foot of a rock wall at the other end of a beaver dam where he had stopped to eat lunch during a round of his traps. A bit of digging in the snow revealed a cleft in the rock, and in the darkness beyond, the curled up form of a sleepy bear (bears don't enter the state of suspended animation that is true hibernation; they just sleep a lot). Had it been last winter, John might logically

have killed the bear for its \$200.00 hide, but in 1973 a winter closure on bear hunting was instituted in Ontario. So he tossed an offering of beaver flesh into the den, which it ate, and on each successive trip past the spot, doled out another morsel.

The bear showed a preference for sandwiches, so John started packing a bigger lunch. It isn't exactly ravenous; a proffered snack is taken delicately, almost politely, from the hand, and eaten with deliberation.

As spring approaches, life is quickening in the den. The bear is livelier now, and going abroad for short walks on mild days. By April 15th, the day the bear hunting seasons opens, it will have abandoned its lair for good. But John reckons he got \$200.00 worth of enjoyment out of the experience.

Which is not to say he recommends feeding denned bears as a winter sport. Bears, like people, can have radically different personalities.

An effective association

At various times we have wondered just how effective some local cottagers' and tourist associations really are. Some, granted, serve a purpose and do a good job while others do simply nothing to explain their existence.

There is one thing we do know there's a tourist association in Haliburton that is really proving itself by the things they are doing and has become an important part of the community.

We are talking of the Lake Kashagawigamog Tourist Association which has a tremendous membership and most of the members we know personally and can vouch for the fact that they are real go getters.

Action speaks louder than words and this association has proven itself to be really adding something to this community.

In an effort to raise funds they held their first annual Pancake Festival on Haliburton's main street on the Saturday of Easter weekend. The association was really pleased with the way people turned out to support this new venture. The event was not only good for the association but it brought a lot of people to town and they put money in the pockets of all the local business people. In other words everyone was quite pleased.

One of the biggest accomplishments of the organization is the fact that it was instrumental in bringing the Kinsmen convention to Haliburton a year ago. And we all know what a big deal this was.

In past years it has held an annual snowmobile rally which was also a great success. These are only a few accomplishments of the Association and as time goes by we will see and hear more of things they have planned.

Yes the Lake Kashagawigamog Tourist Association is a group working along to advertise and promote the tourist area and the community.

We congratulate it on its efforts and wish it the best of luck in the future.

Promote progress think positively

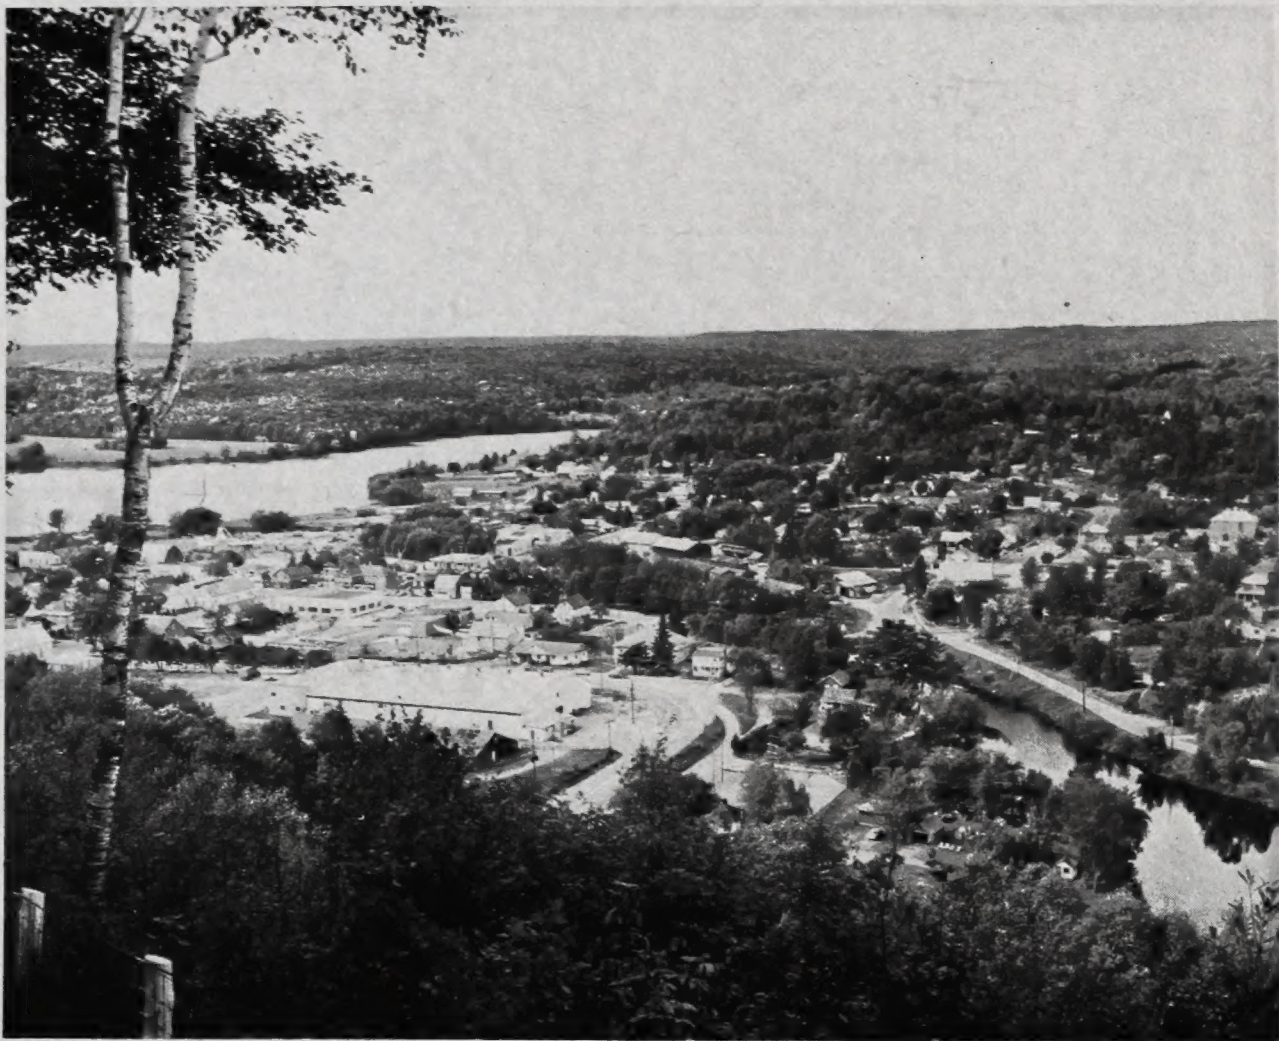

Some of us who live here in Haliburton have been of the opinion that the village in the past few years although making some progress hasn't been moving along fast enough. We have made great strides in certain areas but there is a lot still left to be done.

It is our opinion that in the past we have had too much negative thinking and going ahead saying this can't be done or that can't be done. We must start to think positive and go into each separate project in the future with our thoughts pointing in this direction. Granted there has been a great deal accomplished but there is still a great deal to be done.

Things are moving ahead and we must move with them and the local people seem to want change and are looking forward to future development here.

A local minister in one of his sermons a few years back pointed out that the things that are possible can be done immediately and the impossible may take a little longer.

In the future let's promote progress by being a booster not a knocker.

Letters to the editor

To the Editor:

I must admit—in all "honesty," of course—that I found your recent editorial on "Streaking" thoroughly amusing.

However, not wishing to be publicly dismissed from the "responsible citizens" category, I respectfully decline to comment on the merits on non-merits of streaking.

Nevertheless, there are few things in your "broad-minded" statement that have me baffled. I am not convinced, for example, that "nudity is wrong in itself," nor am I sure that streaking should be so loosely grouped with "murder, theft and adultery."

Whether or not streaking "comes under the heading of wrong-doing, and sin is disobedience to God's standards," I shall leave to your astute judgment.

I do have a couple of questions though. What do you suggest I do about this "nudity" thing? Am I to wear a winter coat to bed—I'm sure that my wife would go for that—and how in God's name am I to take a bath?

I for one, do not want to have the sin of "nudity" hanging over me when and if I reach those Pearly Gates.

To the Editor:

It is rumoured that Haliburton Day at Ontario Place will not entirely live up to our expectations. We had hoped that the talent from our county, talent we are proud of, would be ample to celebrate our centennial on this special day in Toronto. It appears, however, that the Centennial Committee feels that our performance must be supplemented by talent from another community if it is to be a success. The evening performance, which will be the most important one, will NOT include Haliburton talent. This does not result from a lack of native talent. The Glee Club's performance of "The Emerald Isle", the Centennial Choir, and "Steamin", a Haliburton rock band, have all been scheduled to perform in the afternoon. I suppose that the Committee feels that should our performance bomb, it would be preferable to do so before a small audience. This indicates a lack of confidence in the competence of our group, not a very encouraging state of affairs for our young people.

The practical impossibilities of an afternoon performance are discouraging. "Steamin'" is scheduled to perform from 1:30 to 2:00, hardly enough time for their growing repertoire. Furthermore, their band members are also involved in "The Emerald Isle" which will be presented at 2:00. This hardly leaves enough time for costume changes and the setting up of scenery. Moreover, an afternoon performance of "The Emerald Isle" will be less effective than an evening performance when lighting arrangements would enhance the setting.

We feel that the Choir, the Glee Club and the band have accomplished good things in the past, and should be given full support on this occasion. After all, May 25 is supposed to be Haliburton Day. Let's allow our own performers to represent us.

Sincerely,
Concerned Students of HHSS

GUESS WHAT? I'M A V.I.P.

Have you ever been a VIP? As a matter of democratic principle, I'm solidly against special treatment for anybody. But when it came to practice, I found it delightful, and wondered what the poor people were doing tonight.

It has never happened to me before, and probably never will again, so I want to get the experience down here for posterity and my grandchildren.

It happened during my recent trip to Germany, courtesy of the Department of National Defence. Hold it, you taxpayers. It didn't cost you a nickel. The plane was going anyway, and I was told I'd have to pay my own expenses overseas. Fair enough.

The invitation was very casual, and there were no strings attached, though the Department knew I write a syndicated column. But I could have gone to Germany, spent three days in a beer-hall, written nothing, and no questions asked. I chose to do otherwise.

Thus, I had a quick, but

enlightening look at that comparatively recent hybrid, the Canadian Armed Forces, the rather pallid name chosen by Paul Hellyer, when, as Minister of Defence, he integrated the Royal Canadian Navy, the Canadian Army, and the Royal Canadian Air Force.

That was a bitter time for those in the service, as each branch had its special pride and traditions, and foresaw these being swept away in the integration process. Many of them were, and the bitterness has not completely dissolved.

But it probably made sense. There is only one uniform now, a reasonably attractive dark green. There are no more Group Captains or Lieutenant-Commanders. Army titles are used throughout.

At any rate, these were the people I got tangled with for a few days which I thoroughly enjoyed.

I talked with all ranks from corporal to Brigadier-General. I couldn't find a private, and still wonder if there are any left in the service. Generally, I found them friendly, courteous, reasonably happy in the

forces, and keen on their jobs. It was quite a change from the "rude and licentious soldiery" of wartime, with its constant grousing and grumbling.

I began my pilgrimage as a VUP (Very Unimportant Person), just my usual self. Up at 7.30 and a long, cold, boring bus ride to Trenton. Hours to wait for my flight. Nothing to do. Tired already. Blizzard outside. Everything fairly typical, in other words.

In despair, I asked a couple of ladies at an information desk if there were anywhere I could lie down for a while. One of them she must have been my fairy godmother said there was a VIP lounge.

I went into it, expecting to be thrown out, and a handsome young pilot in there looked a bit surprised, but pleasantly asked if I'd like some coffee. We exchanged a few remarks. I told him who I was and where I was going. And suddenly, to my utter incredulity, I discovered that I was a VIP.

This Captain Hanberg, who turned out to be the Duty Officer for the day,

looked at my letter of confirmation for the flight and went into high gear. Carried my bag, took me to the officers' mess, got me a room for a lie-down, showed me where the bar was, lined up dinner, drove me back to the terminal, checked my bag and ushered me through the blizzard right onto the plane and to my seat.

This went on for the next four days, and I'll never be the same again.

Crossing was pleasant enough, though exhausting. The Forces use large Boeing 707's (I believe they have five of them) shuttle personnel, baggage, mail and

whatever to Germany, Cyprus, Egypt, and back and forth across Canada. They're fast and comfortable. No drinks and no movies, but excellent service from two young ladies, with food and coffee and snacks.

Can't sleep on planes, so spent the time exchanging horror stories with two veterans of Dieppe who were going to a Dieppe reunion.

Tottered off the plane at Lahr, the Canadian base

in Germany, in the Black Forest region. Walked into the terminal and an officer walked up: "Are you Bill Smiley?" I admitted as how I was. He was Lieutenant-Colonel Hopkins, the chief padre. His wife was with him. They both went to the same high school I did, years ago. My kid brother had asked them to meet the plane. "Hoppe" calls himself The Vicar of Lahr. They offered all hospitality.

With them was a Captain, who took charge of me, showed me around the town, got my brother on the phone, took me to a bank to change dollars for marks, and took me to a hotel room he had organized. I met this same unfailing courtesy in all forces people I encountered, both Canadian and American.

Staggered into bed at 4 p.m. German time, just 27 hours and no sleep after I'd started out. Left a message to be called at 6.30 the next morning. With typical German efficiency, the maid called me at 6.30 the same evening. Horrors. Back to bed and died until 5 a.m. More next week from Gullible's Travels.

What the future holds

Today the total annihilation of the earth has become more than possible. It can quickly turn into a reality. Commenting on the vast stockpiling of nuclear weapons, U. Thant, former General secretary of the United Nations said that 'he could see dark atomic clouds in the political sky. The envisioned that if the political tension in the East should increase any further, a collision of the great powers would be inevitable. However, nuclear warfare is not our only threat.

There are also Band C weapons to reckon with ("biological" and "chemical" warfare) which are no less dangerous. They are capable of silently wiping out large sections of the world population. The colourless and tasteless poison of the bacillus Botulinus is known to be one of the most deadly weapons. The immediate effect is paralysis, including paralysis of the lungs and the heart, so it can quickly lead to the death of the victim while he is full conscious.

Natural catastrophes and calamities that are sweeping through our continents are abnormal-outstripping all previous ones. Tornadoes and hurricanes of great frequency are reaching unbelievable proportions. In a single weekend in the U.S., 160 tornadoes took the nation unawares, raging over a period of 72 hours. Eleven states were hit thousands of homes were destroyed; one town was almost entirely swept away.

Flooding has been devastating drowning thousands in

Southern Brazil. Hundreds of people are being left homeless in Moose Jaw, Saskatchewan. In Japan, hundreds were buried alive by landslides caused by severe rainstorms. Bangladesh saw over 10,000 homeless caused by two flood disasters.

Drought is leading to widespread famine. In West Africa, as a result of extreme drought (no rain for six years) ten million people are threatened with starvation. There is now talk of a world wide catastrophe reaching unheard of proportions. Two thirds of India were hit by severe drought. In Australia the worst drought in 100 years has had disastrous results. Harvests in China last year suffered as a result of the 1972 drought.

Frequent earthquakes and volcanoes are shaking the earth; in Mexico Costa Rica Nicaragua, Columbia, Philippines, the Red Sea and Hawaii.

In addition there have been many plagues of harmful insects and epidemic. According to the frequent press reports, such events are unparalleled in the world's history; never before have disasters reached these proportions. However we are not only afflicted and threatened with natural catastrophes.

Pollution of air and water and the whole environment is increasing to such an extent that the existence of mankind is greatly endangered.

Dark clouds form over one

nation after another. Lightning flashes across the world's sky. Revolutionary uprisings, student riots, strikes coming to a deadlock street fights, terrorism and violence, all of which have been deliberately planned are being systematically introduced into all areas of life.

MANY ARE QUESTIONING THE REASON FOR CONTINUING TO LIVE SINCE LIFE SEEMS FUTILE AND MEANINGLESS.

Sister Rebecca would like to help us to overcome such resignation. But that is not all! If we are able to face the cold facts in their stark reality in the first part, we shall find in the second part the comfort and help that

God has provided for us. Not only are we shown how to overcome fear, but we are offered the deepest fulfillment for our lives now in this chaotic age, and our eyes are set on the eternal hope.

Sister Rebecca is from Darmstadt, Germany and will be visiting Toronto, Ottawa, Montreal and Quebec City. Her ministry as a Lutheran Sister has brought tremendous changes of outlook on life to thousands and we hope it will do the same for Haliburton County. She will be speaking on Wednesday, May 1, at 2:00 P.M. at Haliburton United Church, and 7:30 P.M. at the Haliburton District High School. It is hoped that there will be many to hear her as thousands have already.

Provisions of the By-law are furnished herewith.

By-law 74-14 being a By-law to amend By-law 14-67.

WHEREAS authority is granted under Section 35 of The Planning Act, R.S.O. 1970 subject to the approval of the Ontario Municipal Board to the Council of the Corporation of the Townships of Anson, Hindon and Minden to exercise such power.

THEREFORE The Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:

Section 4 - General Provisions

The following shall be added as Clause 4.14
"FRONTAGES OF LOTS"

(A) Public Street - Except as provided in Section B no person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon an improved public street, and further that such building or structure complies with the setback and all other provisions of this by-law.

(B) Navigable Waterway - Where access to any lot is by navigable waterway, no person shall erect any building or structure on a lot unless the lot has frontage upon the navigable waterway. For the purpose of this section, where a marine allowance is in existence, the lot shall be deemed to front on the navigable waterway.

Read a first, second and third time and passed this 13th day of March, 1974.

Signed
Reginald Booth, Reeve
Richard Parisotto, Clerk.

ANY PERSON INTERESTED may within fourteen (14) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden notice of his objection to approval of said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the clerk of the Townships of Anson, Hindon and Minden, notice of his support of approval of the said by-law together with a request for notice of hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS WILL BE MAY 10th, 1974.

DATED at the Townships of Anson, Hindon and Minden this 25th day of April, 1974.

Gems of Truth

MISSING THE MESSAGE

Because the Bible is not merely a human Book, it can only be rightly understood by those who are enlightened by its Divine Author. That is why so much is found in Scripture concerning the darkness and dullness of the intellect and therefore the need for spiritual insight and illumination.

Man by nature is blind, that is, he is unable to see the truth of Scripture unless the internal Teacher, the Spirit of God illuminates the Sacred Page for him.

Illumination involves not only the right understanding of truth but also the reception of it. Should a person refuse to accept truth after having been shown it by the Spirit through the Word, the Giver of the Word will allow Satan to blind or harden that person's mind to real truth. Such a one is simply unable to understand the Word correctly. This is why Jesus used parables in His

teaching ministry. Matthew 13:10-17. We also find this truth in Acts 28:24-27, Romans 1 21-22 or 2 Corinthians 4:3-4. The professing or unsaved person may make mental observation and follow date of the Bible or even its logic but is unable to take to heart and really embrace the truth involved. No one can properly understand the Bible apart from the supernatural work of God the Holy Spirit. The Giver of the Word is also its true Interpreter, just as a human being is best able to give the correct meaning to his speech.

The Spirit of God is often referred to in the New Testament as a Teacher who instructs, brings to remembrance, guides, declares, reveals, expounds and interprets. John 14:26, John 16:12-15, 1 Corinthians 2:10-13.

Regardless of how much head knowledge one has of the Bible, it is a closed Book unless the Holy Spirit

illuminates its pages. Without His ministry the most learned scholar and the most diligent effort can and will miss God's true message.

SCRIPTURE MEDITATION: "The natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them because they are spiritually discerned." 1 Corinthians 2:14

FOOD FOR THOUGHT: "The risen Christ alone illuminates".

The Day between

We, of the Christian faith have just celebrated the most important event in the world's history. The Death and Resurrection of the Son of God.

The three days of this seeming tragedy must have stirred the populace of Jerusalem as no other event had ever done, or has since.

My thoughts often turn to the day between. What was the mood of these people of this Holy City at that time?

Barabbas was hurrying over the Judean hills to join his band, and prey on the rich caravans going through this land. The contact of these days had no effect on him.

The High Priest and his companions were surely nervous, the rending of the Temple Vestures must have made plain to them that their influence in the worship of the people was curtailed. The Death and Resurrection of this Man, the fulfilment of prophecy had instituted a new life. "Because I live ye shall live also" was no idle boast.

And the centurion in charge of the Roman soldiers would carry the picture of these days all his life, and eventually must need to join the people now following and worshipping the Risen Lord.

These godly men Nicodemus and Joseph of Arimathea were waiting the events of the day, and the hope of the Easter miracle with great interest.

"And very early in the morning the first day of the week they came unto the sepulchre at the rising of the sun". They found only the empty tomb. The Master had risen and gone to find His followers.

Peter and the crew had gone fishing, returning to their earlier calling.

Now the scene was changed and they became ardent advocates of this new movement.

Truly this was a watershed in time.

PEACE BE WITH YOU!

Uncle Dudley

In Memoriam

HARRISON-In loving memory of a dear husband and father, Vernel, who passed away April 25, 1972. What we would give if we could say "Hello, Dad" in the same old way.

To hear your voice, see your smile, To sit with you and chat a while. So you who have fathers, Cherish them with care. For you'll never know the heartache Till you see his vacant chair. Sadly missed by wife Velda, daughter Judy, son-in-law, Albert.
